

Have you experienced domestic violence and abuse?

**You are invited to access the new BSWA
Drop-in Service**

We are offering one-hour appointments with a support worker to look at your concerns, including:

- Your personal safety
- Housing/ emergency accommodation
- Children
- Money, benefits and debt
- Police and courts involvement
- Anything else you need to discuss.

Support is given by a trained Women's Outreach Worker, and we will try to meet your language and other needs on request.

Unfortunately we are unable to provide childcare
