## **Wear Blue On Friday 26<sup>th</sup> January Raising money for Green Toilets**

As part of Blossomfield's global Eco work, we have invited James Cooper from ACEF Charity to assembly next week on Thursday. He is going to tell the children about a school in Kenya called BrainHouse Academy and explain a project to raise money for green toilets.

### **The Outline and Objective of the Project is as follows:**

ACEF and the leadership team of Brainhouse Academy, located in the slum community of Mathare North on the edge of Nairobi, Kenya, wish to replace nine unhygienic drop hole toilets with 26 'green' toilets, to meet the needs of 800 plus street and vulnerable young people who attend Brainhouse Academy.

The aim of the project is to create healthier, cleaner toilets with lighting, hand washing facilities and an anaerobic digester to convert the toilet waste into two valuable bi-products:

- Biogas to be used for cooking, heating and lighting the school
- Liquid fertiliser to be sold to local famers to raise additional funds to enhance the education facilities within the school.

Please talk to your children about the assembly and how they use water/toilets at home. We would like the children to come to school on **Friday 26<sup>th</sup> January** wearing something **blue** and bring a donation for this charity. Thank you for your support.

Mrs Lindsey Mason  
Eco Lead
