Dear Parents

### Accessing the School Library in Year 2

All children have now had the chance to visit the library in school and many have selected a book to bring home. This year we are trialling a new library system. There will be no specific day set aside for children to visit the library in school. They may visit any day they wish, which we will support them to do independently. Therefore, children should return their book as soon as they have finished it, as regularly as they want.

If you have any questions, please speak to your child's class teacher.
